

Features

- Fully assembled Pick & Place unit with all mounting components—ready to install, plumb and run.
- Components come with our stop-screw system for accurate stroke adjustment and optional sensing capabilities. (see page 146)
- Made from our standard proven precision components.
- We will supply a gripper mounting plate or make a custom one for any end-effector.

The CMU-LR11 comes in several standard combinations. Unit includes LA-1, RD-1, adapter plate and gripper mounting hub. Grippers and sensors ordered separately. For sensors, see page 143. For grippers, see pages 3-54.
